

Freestanding gas fireplaces

The best looking fire

WARM WELCOME

Trimline Fires creates...

Gathering around the fireplace, the warmth of the flames embracing you. Freestanding fireplaces are easy to install and can be placed anywhere you like. Every hearth has its own design with a specific appearance, to match your interior dreams!

Heart-warming creations

What kind of gemstone makes your heart beat faster? Discover our Tourmaline, Zircon or Quartz fireplace. Each one of them is a shining beauty in its own way.

Find your spark!

Designed with a smile

The beautifully designed Gemstone series is the result of the creative talents of Elke van Raamsdonk. Her fire for design lit at the Design Academy in Eindhoven. One of the world's leading design school, focusing on products that enhance human well-being.

Her passion for design is triggered by her desire to make the world a happier and a more beautiful place. With subtle adjustments, Elke knows how to give products a feminine touch. Softness, refinement and playfulness characterize her designs.

Elke has managed to make the Gemstone series' fires the beating heart of every home. With its refined and feminine touch, each fireplace draws your attention. The playfulness of the flames draws you in.

The Gemstone series is based on the new wave of Dutch Design. Minimalistic, experimental, innovative and with some sense of humour. When creating these unique models, Elke had to Think Dutch. Designed with the desire of a warm get-together.

A fireplace in your home should always look fantastic, even if the fire is turned off.

Gemstone series

Discover the dazzling beauty that gemstones have to offer. Be enchanted by the endless sparkle and follow the unique curves of each stand-alone piece. Our freestanding fireplaces are named after gemstones for a reason, each hearth inspired by and imbued with the characteristics of a gem.

Trimline Tourmaline

The Tourmaline is one of the most popular gemstones in the world. The Tourmaline is very versatile and can be found in various varieties. A Tourmaline is known to bring joy, happiness and beauty. Perfect qualities. Due to its versatility there's always one that fits you best!

Trimline Zircon

Zircon is known to be a grounding stone that inspires, motivates and gives guidance when guidance is needed, therefore helping to achieve one's goals. Zircon has also been known to bring prosperity, especially with stones that contain golden or yellow colors.

Trimline Quartz

Quartz is a power stone that's prized as a healing stone. It has been called the "Universal Crystal" because of its many uses and is beneficial for manifesting, healing, meditation, protection and channeling.

Trimline Tourmaline

This freestanding Trimline Tourmaline is not just a fireplace. If you look closely, you can see its beautiful details and possibilities.

The panoramic view of the flames, the burning logs and the LED fuel bed bring you into an atmospheric environment. The Tourmaline has unique rounded corners. In combination with its smooth lines, it turns out to be a beautiful model that is a joy to the eye.

*It's not only a fireplace,
it's a piece of furniture.
It's a creation like no other.*

Standard delivery of the Tourmaline is without stools. The stools are optional in upholstery color theme Wood or Fire.

FEATURES

OPTIONALS

Sitting by the fire

It has never been easier to have the authentic fireplace feeling. This piece of furniture offers it all. You have the option of leaving the bottom of the fireplace open for logs. But you can also add a unique and stylish statement. Beautiful stools have been designed to give your fireplace that little bit extra. The wooden and fiery colors of the stools complement the fireplace perfectly.

Trimline Tourmaline

Wood or fire

Gather around the fire, sitting on a specially designed stool. Feel the warmth of the dancing flames around you. The colored stools at the bottom give the fireplace an extra dimension. Easy to reach and versatile to use. Would you like to relax while lying down? Use the stool

as a nice backrest, comfortable cushion or as an easy footrest.

Discover the different stools. The colors match the natural materials of the fireplace. The natural brown color of the crackling logs in the fireplace, the fiery red color of the flickering flames. Designed with the desire of a warm get-together.

Trimline Zircon

The Trimline Zircon is our smallest freestanding fire. Unique in its kind. Like small gemstones dazzling in its beauty.

The rounded corners and its open character give the fireplace a playful appearance. Create your own unique look. For a whimsical touch, add wooden blocks to the open bottom. The possibilities are endless. Try and discover your unique fireplace.

*A unique piece of beauty.
Playfully follow the round
lines and discover the open
bottom of the Zircon.*

FEATURES

Trimline Quartz

Make the Trimline Quartz the center of your home. Whether you have a large or small one, there is always room for the Trimline Quartz.

Feel the room's ambience change with the dazzling beauty of the freestanding fireplace. Want to try something a little different?

Enjoy a fireplace that's an eye-catcher in your home, suitable for any interior, large and small.

FEATURES

OPTIONALS
